EDUCATION

Informatic Engineer

Universidad de La Sabana | Jul 2015 - Jun 2020, Bogota/chia Colombia.

Bachelor's Degree

Colegio Salesiano San Pedro Claver | Jan 2000 - Dec 2014, Cartagena Colombia

EXPERIENCE

Junior FullStack Developer

Fincaraiz.com.co | Feb 2021 - Present

During this period, I worked in different areas of the company but more focused on the support area of the website, which strengthened my knowledge in backend, giving quick solutions to bugs that came out by customers and company staff. Also making new developments for the product area to generate new sales strategies.

Technology Intern

Fincaraiz.com.co | Aug 2020 - Feb 2021

During this period, I did my professional practice with the company in which I performed different development roles like FrontEnd, BackEnd, database management, among others. Collaborate with the migration of the new company page to a new technology (React).

COO

Artes y Fenix | Jun 2013 - Jul 2020

During this period, I worked in the company in which I performed sales and administrative roles, also help out with the respective maintenance of the equipment and training in the design and modeling programs.
